Automation UI

Button to open projects navigation pane

Landing Page for WebUI

The screenshot shows the 'Automation UI' interface. On the left is a sidebar with a search bar labeled 'Search Robots' and a list of project names. On the right is a large, empty grey workspace. Annotations with red arrows point to specific UI elements:

- Automation UI**: The title of the application, located in the top-left header.
- Icon for other user options**: Points to a small icon (a square with a triangle) in the top header.
- Icon for themes**: Points to a gear icon in the top header.
- List of projects**: Points to the list of project names in the sidebar.

The list of projects in the sidebar includes:

- AwardSimulator
- CaboSmoketest
- CAPSmoketest
- CompassAPISmoketest
- CRMMonitoring
- DDEntitlements
- DDMonitoring
- DDPerf
- DDPerfSlave
- DDSmoketest
- DIGMonitoring
- DIGSmoketest
- ECAPayBenchmarking
- ESQSSmoketest
- GACLandingPage
- GACMonitoring
- GPDMonitoring
- GPDSmoketest
- GXESSmoketest
- HitlyMonitoring
- HitlySmoketest
- IOSMonitoring

The screenshot shows the ISS Automation UI interface. On the left is a sidebar with a search bar labeled "Search Robots" and a list of robot names. The main area is a dark gray dashboard. A top navigation bar contains a back arrow, the text "Automation UI", a home icon, and a user profile icon. A dropdown menu is open from the user profile icon, showing "Logout" and "Manage" options. Two red callout boxes provide instructions: one points to the "Logout" button with the text "Logout button logs out user", and the other points to the "Manage" button with the text "Manage button for users with admin rights".
